TEACHING EXPERIENCE

I started teaching in 1992 at the University of Pisa doing exercises for Geometria for Physics. Then, as ATER in Paris VII, I taught *travaux dirigées* for Scientific DEUG first year (1995). Mathématiques for Economic DEUG second year (1996). Since 1997 I did almost all my teaching activities at the University of L' Aquila, teaching mainly to students of Mathematics (both bachelor and master), not only, but especially geometry. I also taught to students in Biology, Chemistry and Phisycs. Moreover, I gave three courses of Analisi 2 to students in Engineering in Roma Tor Vergata (2002, 2003, 2009) and three courses of Linear algebra to students in Engineering in Roma Sapienza (2008, 2009, 2011).

I have been the supervisor of many Bachelor and Master thesis in Mathematics.
