 **ORCID** [0000-0002-7495-390X](https://orcid.org/0000-0002-7495-390X)

**Date of birth** March 1967 | **Nationality** Italian

**WORK EXPERIENCE**

2019 – Present **Full Professor of Operations Research**

DISIM, University of L'Aquila

2019 – Present **Member of the Administration Board**

University of L'Aquila

2005 – 2019 **Associate Professor of Operations Research**

DISIM, University of L'Aquila

July 2015 – 2016 **Lecturer**

Scuola Nazionale dell'Amministrazione  
e-Government courses

2014–June 2015 **Adjunct Professor**

Scuola Nazionale dell'Amministrazione  
Professor of Innovative Technologies for Web Applications and e-Government

2011 – 2013 **Lecturer**

Scuola Nazionale dell'Amministrazione  
e-Government courses

2010 – 2012 **Member of the Administration Board**

University of L'Aquila

1997 – 2005 **Assistant Professor of Operations Research**

University of L'Aquila

**Visiting Scholarships**

2019 Department of Statistics and Operations Research, Wien University, Austria

2015 Wisconsin Institute for Discovery, University of Wisconsin-Madison, Madison (USA)

2013 Wisconsin Institute for Discovery, University of Wisconsin-Madison, Madison (USA)

1998 Department of Industrial Engineering and Operations Research, Columbia University, New York, USA

## EDUCATION AND TRAINING

## 1996 Visiting Student

Department of Industrial Engineering and Operations Research  
Columbia University, New York, USA

## 1994–1996 PhD in Operations Research

Sapienza University of Rome

## 1993 Research fellow

Centro Vito Volterra  
University of Rome Tor Vergata

## 1992 Laurea Degree in Electronic Engineering

Sapienza University of Rome

## RESEARCH AND TEACHING

## Research

1996-present Fabrizio Rossi's scientific activity concerns theoretical and computational study of exact and approximation algorithms for *hard* Combinatorial Optimization problems arising in telecommunication, in production manufacturing, in logistics, in service industry and, recently, in tourism and biology. The methodological focus of the research is on Integer Linear and Non-Linear mathematical programming models to design algorithms capable to solve large-scale problems identified in industrial contexts.

## Research projects

(as a Coordinator/Principal Investigator)

- 2010–2012 Coordinator of the University of L'Aquila research unit, research program PRIN 2008, *Mixed Integer Linear Programming methods for designing and implementing wireless networks*.
- 2008–2009 Principal Investigator of the research project *Optimizing analog to digital transition in broadcasting systems*, funded by Fondazione "Ugo Bordoni".
- 2007–2011 Coordinator of the research grant *Models and algorithms for the Maximum Stable Set problem*; Dipartimento di Informatica, Università di L'Aquila.
- 2007–2009 Coordinator of the University of L'Aquila research unit, research program PRIN 2006, *Models and algorithms for joint power and frequency assignment in large scale wireless networks*.
- 2006–2007 Coordinator of the research grant *Optimization algorithms for Customer Relationship Management*; Dipartimento di Informatica, Università di L'Aquila.
- 2006 Principal Investigator of the research project *Algoritmi per la gestione di servizi di connettività su reti SDH*, Dipartimento di Informatica, Università di L'Aquila (industry funded).
- 2005–2007 Principal Investigator of the research project *Optimization algorithms for Customer Relationship Management*, Dipartimento di Informatica, Università di L'Aquila (industry funded).
- 2004–2005 Coordinator of the University of L'Aquila research unit, research project *MAS-A Multimission Automatic Scheduler*, funded by European Space Agency (ESA) in the framework *ITI-Innovation Triangle Initiative*
- 2002–2005 Coordinator of the University of L'Aquila research unit, research project SAILOR, *Satellite Integrated UMTS Emulator*, funded by the European Commission, program FP5-IST, Project ID: IST-2001-37266.

## Awards

- 2014 INFORMS Computing Society (ICS) Prize 2014, with J. Linderoth, J. Ostrowski e S. Smriglio.
- 2009 University of L'Aquila Operations Research group (C. Arbib, F. Rossi F. e S. Smriglio), Second position among non US Universities, *Eighth Rothkopf Rankings of Universities, Contributions to the INFORMS Practice Literature, Interfaces*, Vol. 39 N. 6 (2009).

- 2006 *Euro Excellence in Practice Award (EEPA)*, Euro XXI, Iceland, Reykjavik, July 2-5, 2006: C. Mannino, F. Rossi, S. Smriglio, The Network Packing Problem in Terrestrial Broadcasting, *Operations Research* 54 (4), 611-626, (2006), finalist paper.

#### Teaching activities

- 1997–present University of L'Aquila: classes at Bachelor and Master Level. Current assignments: Data Analytics and Data Driven Decision, Network Algorithms.
- 2009–present Courses for various International Master Programs at the Department of Engineering, Computer Science and Mathematics of the University of L'Aquila.
- 2012–2018 University of L'Aquila, Master in Web Technology, VII, IX, X e XI eds.
- 2004–2007 Courses in Operations Research and Combinatorial Optimization, University of Rome "Tor Vergata"
- 2013–2016 Lecturer and Adjunct Professor at the Italian National School of Administration (Scuola Nazionale dell'Amministrazione).
- 2001-2017 Member of the PhD Board in Operations Research, Automation and Operations Research, Automation, Bioengineering and Operations Research, Sapienza University of Rome.
