Localization Property of Solutions for Parabolic PDE

K Stiepanova, R Sampalmieri, F Di Michele - *REPORTS OF QUALITDE*, 2022 - rmi.tsu.ge

109 giorni fa - We investigate the Cauchy–Dirichlet problem for a wide class of quasi-linear parabolic equations with the model representative: $u_t - \Delta u + g(t)|u|^{q-1}u = 0$, $0 < q < 1$, where ...

Existence of solutions for a viscous hybrid quantum system for arbitrary large current density

F Di Michele, B Rubino... - ... and *Mechanics of ...*, 2022 - journals.sagepub.com

235 giorni fa - In this paper, we continue to analyse the properties of the hybrid model introduced in the works by Chiarelli et al. and Di Michele et al. In particular, we consider a quantum ...
